

XIB IP65 LED High Bay

Application Spotlight - Warehousing

With versatility for challenging applications involving dirt, dust, bugs and industrial power quality.

The typical warehouse can be dusty and dirty- not the kind of place you'd want to have a picnic.

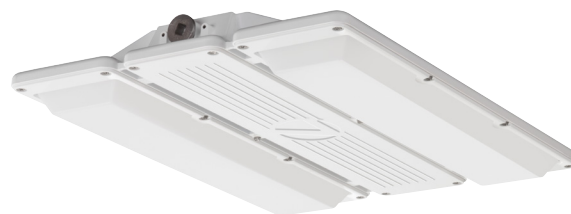

The XIB is completely IP65 sealed, eliminating any possible ingress of bugs, dirt, and debris

- Sealed to reduce the need for routine maintenance – keeps lenses clear and maximizes light output and light levels
- 10kV ANSI Surge Protection Standard
- Optics available for Narrow, Medium and Wide Distributions
- Diffuse, non-pixelated appearance for comfortable illumination
- Lumen packages up to 42,000L for high mounting heights
- Integrated wireless controls for max energy savings and configurability

The versatility of XIB makes it an excellent choice for warehousing and distribution spaces

Diffuse Acrylic Lens

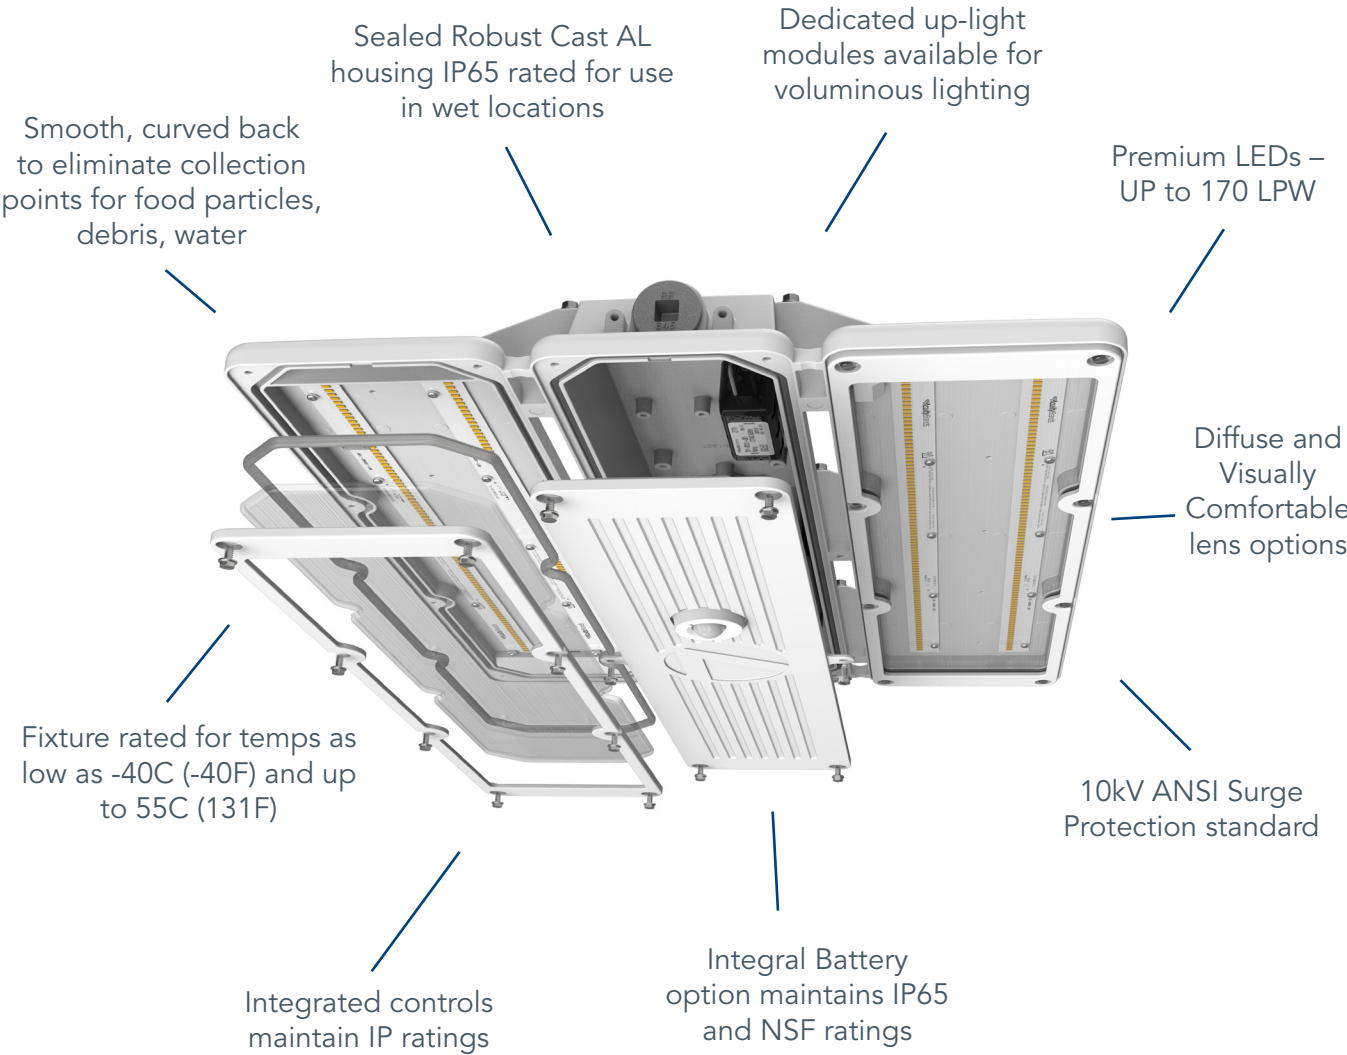

Visually Comfortable Acrylic Lens

XIB IP65 LED High Bay - Warehousing

For the longest lasting LED performance in warehousing spaces, look no further than the Lithonia XIB. In a world of non-sealed and sheet metal LED fixtures, XIB is in a class of its own. Its IP65 design keeps your fixture clean, maximizing your light levels over time and eliminating maintenance.

Key Features

Take full advantage of energy savings and controllability by pairing with nLight Air Wireless controls.
