

Juno® SlimBasics™ JSBC Surface Mount Disk Light

Sleek, low-profile round surface mount downlights

The Juno® SlimBasics™ JSBC surface mount downlight is available in 4in and 6in sizes and provides even illumination where you need it most. The white housing is aesthetically pleasing bringing a design element that easily blends with any décor. Need a pop of color in your space, no problem, the JSBC features field installable trim inserts that are available in black, bronze, and satin nickel. The JSBC is offered in either static 30K CCT or switchable 3CCT (3000K, 4000K, 5000K) for flexibility making it perfect for use in kitchens, closets, hallways, bathrooms and laundry rooms in both single and multi-family homes.

Juno® Surface Mount Portfolio

Juno's surface mount portfolio consists of two families: SlimBasics™ and SlimForm™. Our SlimBasics™ family is designed to be flexible, convenient, budget-friendly solutions that are aesthetically pleasing to create a consistent look across an entire home. The family features two surface mount downlight solutions – the JSBC and the JSBT. Both downlights feature a clean, modern design and unobtrusive, low-profile housing. The JSBC features an edged trim, and the JSBT features a tapered trim to give you different aesthetic options. Our SlimForm™ family is designed to provide high performance and style by offering larger sizes and battery backup options. This family features a round surface mount downlight, JSF, and a square surface mount downlight, JSFSQ. **Check out both surface mount families below!**
