# Aculux initia™ ... Precision Defined with Value in Mind

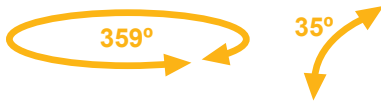

Affordable | Elegant | Flexible

Aculux initia™ is a comprehensive family of affordable and elegant 3-inch precision recessed luminaires ideally suited for budget sensitive projects demanding exceptional cutoff and glare control. This family of downlight, adjustable accent, and wall wash luminaires features superb color consistency and multiple lumen packages in a variety of styles for unparalleled design flexibility. With Aculux initia, sophisticated and high-performance downlighting has never been more attainable.

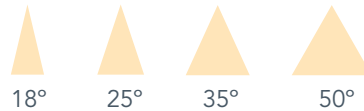

### Quick, Effortless Aiming

Adjustable accent luminaire features 0°– 35° vertical and 359° horizontal aiming.

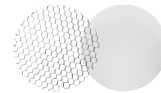

### Field-Interchangeable Optics

Available with field interchangeable optics in four beam spreads.

### Optical Accessories

Accepts up to 2 beam control lenses or filters.

## Precision Crafted Trims

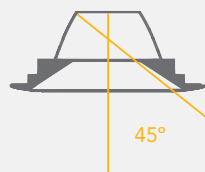

Available in round and square apertures, Aculux initia offers precision crafted die-cast trims, resulting in an elegant room-side appearance that blends seamlessly with any architecture.

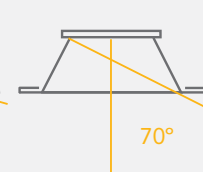

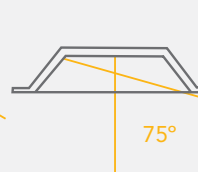

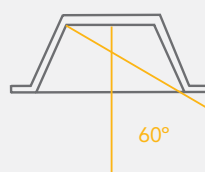

## Quiet Ceilings that Inspire

Aculux initia is the ideal solution when ceiling brightness and glare control cannot be compromised. With 45 degree visual cutoff, Aculux initia is the only affordable precision recessed luminaire that delivers a truly quiet ceiling.

## Wide Selection of Beautiful Trims

Aculux initia™ offers a variety of trims in multiple finishes to coordinate with virtually any architectural interior. Available in flanged or flangeless, these trims integrate seamlessly and discreetly into any ceiling and come in a variety of styles: spun-aluminum reflectors, die-cast bevels and die-cast pinholes, which coordinate perfectly with the fully featured Aculux 3" series. Initia delivers that quiet and elegant Aculux visual experience you desire, all within a reasonable budget.

Aculux precision luminaires have a well-deserved reputation for quality and innovation in the world of architectural lighting. They were among the first to offer discreet LED recessed adjustables featuring precision geared aiming and field interchangeable optics. Aculux precision recessed luminaires have always led the industry, delivering the highest center beam candlepower and lumens from smaller apertures while maintaining quiet ceilings that blend seamlessly into the architecture.

Designed and engineered specifically for residential, hospitality, and corporate interiors, Aculux provides a touch of elegance and sophistication that lights up a room.
