

FEATURES & SPECIFICATIONS

INTENDED USE — Ideal for applications where recessed steel housing emergency lighting is required. Meets city of Chicago requirements.

CONSTRUCTION — 20-gauge steel housing.

White powdered coat finish.

OPTICS — Two adjustable metal lamp heads with 12 watt PAR36 style Halogen lamps.

ELECTRICAL — Dual-voltage input capacity (120 or 277 volts).Current-limiting charger maximizes battery life and minimizes energy consumption. Provides low operating costs.

Brownout protection.

Battery: Maintenance-free lead-acid battery provides 50 watts ELRC650, capacity for 90 minutes.

Test switch and dual-function ready/charge light (red) permit check of system operation.

Low-voltage disconnect prevents excessively deep discharge that can permanently damage the battery.

Slip-on battery terminals.

INSTALLATION — Mounts across two-foot suspended T-grid type ceiling applications.

Conduit entry on top and end of housing.

Top access is required for maintenance and repair.

LISTINGS — UL damp location listed 20°C to 50°C (68°F to 122°F). Meets UL 924, NFPA 101 (current Life Safety Code), NEC and OSHA illumination standards. Meets City of Chicago Code.

WARRANTY — 3-year limited warranty. (Battery is prorated.). This is the only warranty provided and no other statements in this specification sheet create any warranty of any kind. All other express and implied warranties are disclaimed. Complete warranty terms located at:

www.acuitybrands.com/support/warranty/terms-and-conditions

Note: Actual performance may differ as a result of end-user environment and application. Specifications subject to change without notice.
