

Juno® UCES Undercabinet Lighting

LED Indoor Undercabinet featuring Switchable White

The UCES is an economical undercabinet LED light fixture. Available in 4 different length options, all incorporate an accessible switch to select between 3 color temperatures. Too warm or too cool? Simply toggle the integrated switch to your desired setting. In addition to the ease of use, the UCES offers convenient installation with the ability to connect power from the back or sides of the luminaire. Although the UCES works great in the kitchen, it is well suited for other residential, retail, hospitality and commercial applications including, under and over cabinets, office lighting, coves and display cases.
