

Juno® Trac-Lites™ R605L & R606L LED Fixtures

Economical and highly efficient LED cylinder track fixtures

Sporting a timeless cylinder aesthetic, the Juno R605L & R606L Series further expands the economical Trac-Lites LED track fixture offering. But don't be fooled by its compact form and simple good looks – the R605L & R606L Series feature powerful performance, providing output upwards of 1300 lumens while consuming only as much as 13 watts.

Specification grade features include:

- Deep source regression for superior glare control
- Outstanding thermal management provides over 50,000 hours of maintenance-free operation
- Standard dimmable using high-quality, factory-approved dimmers - see specifications
- Factory or field-installed accessory holder accommodates one 2" accessory
- ENERGY-STAR® certified, DesignLights Consortium® qualified, and certified to meet the high efficacy requirements of CA Title 24 (JA8 2016 & 2019)
