

## Autobahn Area Lighting

Designed to replace 150-1,000 watt HPS fixtures, the virtually maintenance-free Autobahn Series uses new silicone optics which provide exceptional efficiency with improved thermal performance, uniformity and reduction in dirt accumulation.

The Autobahn ATB0 and ATB2 series have a proven track record for reliable, energy-saving and visually comfortable performance. Combined with wide variety of lumen packages, advanced control options and user-friendly installation features, the Autobahn is an ideal solution for parking, pedestrian and other area applications.

### Key Benefits to the Autobahn ATB0 & ATB2 Series

- 150-1,000 watt HPS replacement
- Field-adjustable lumen output module
- Leading-edge optics improve visibility and visual comfort
- Zero-uplight distributions to reduce light pollution
- Toolless features for simplified installation & maintenance
- Designed to operate at 40°C ambient
- Best-in-class surge protection and efficacy (lpw)
- XVOLT protection against dropped neutral and dirty power
- 2700K - 5000K CCT, 70CRI minimum
- Network controls options available

### Decorative Universal Arms

The new Autobahn Decorative Arm option provides an attractive daylight form factor for Autobahn ATB0 and ATB2 series with a seamless blend of shape from the fixture into a round or square straight poles. You can now benefit from the high performance and visual comfort of the Autobahn series when lighting parking lots, parking decks, commercial parks, and other outdoor area lighting applications.

The new Autobahn arm fits most manufacturer hole patterns, and of course, you can get the arms in variety of colors to match your Autobahn fixtures and poles, complete with the highly durable finish available on all Autobahn products.

Fits most  
commercial  
bolt patterns

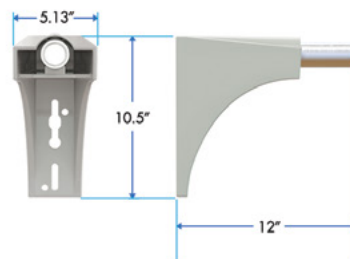

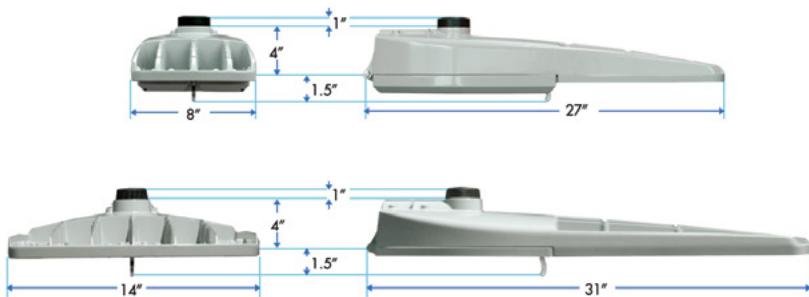

## Enhance your site with attractive, reliable area lighting solutions

With robust IP and 3G rated aluminum construction the durable Autobahn Series is available in a variety of colors with durable 5,000-hour salt fog rated paint finish.

With two sizes and multiple mounting configurations, the Autobahn eliminates light pollution with zero-uplight distributions and available light trespass shield options.
