

Lithonia Lighting Basics™

LED Running Man Signs and Combos

Emergency Lighting for All Languages

The EXRM, ECRM, and ECBRM by Lithonia Lighting® are high-performing signs and combos with directional “Running Man” face plates. These fixtures safely identify all exits and provide a minimum of 90-minutes of illumination upon the loss of AC power. All three products are ideal for public environments like airports, schools and restaurants. Don’t let translation be a barrier to safely exiting any building.

Features and Benefits:

- Single or double-sided signs
- Ceiling, wall or flush mount
- Standard and Arrow panels included
- Automatically performs monthly and annual testing with multi-status diagnostics functions
- Quick installation
