## Explore your other patient room night light options from Healthcare Lighting:

### Pathfinder 600

- Low-profile design extended ¼-inch off the wall
- Engineered louvers maximize light output with clean cut-off
- Available in warm white or amber LEDs

### Geo LED and Oval LED

- Sleek design with flush contoured lens complements softer interior designs
- Integral photocell (Geo only) restricts illumination when ambient light is above a preset level
- Die cast aluminum faceplate offers supreme durability
- High efficiency LED light source, available in warm white, amber, or custom colorplates
