

DESCRIPTION OF SERVICE

An Acuity Brands® Controls System Expedited Service provides prioritized scheduling and logistics to deliver service at faster than published lead-times.

ONSITE SERVICE NOTES

- This is a one-time non-refundable fee, as travel arrangements and logistics considerations will begin as soon as service is purchased
- Controls System Expedited Service should only be purchased after speaking with an Acuity Brands Field Service Scheduler to confirm pricing and availability
- Controls System Expedited Services does not replace other Acuity Brands Controls Services, and may only be purchased in addition to those services.
- The services described herein are offered pursuant to the Terms and Conditions for Field Services and the Acuity Brands Technology Services Warranty, available at <https://www.acuitybrands.com/support/warranty/terms-and-conditions>. No modified or additional terms shall apply, including without limitation any terms on a purchase order or other ordering document which are expressly rejected.
