

Compact Pro™ CPHB Switchable LED High Bay

Designed and Optimized for the Contractor

Make the Switch to Switchable

Switchable technology combines multiple specifications in a single SKU, saving you money while also providing the perfect solution for your space.

Adjustable Lumen Output (ALO)

The ALO feature allows light output to be set to a level perfectly suited for the application.

Switchable Color Temperature (SWW)

The SWW feature allows color temperature adjustment to best suit the application.
