

# EVO<sup>®</sup> & INCITO<sup>™</sup> CYLINDERS

# ENGINEERED TO EMPOWER

Gotham’s extensive selection of cylinders are not only inspiring, they are creatively empowering. For wherever you specify cylinders, Gotham offers a formidable array of mounting types, sizes, colors, and environment compatibilities.

Use this guide to find the cylinder that best fits your design intent!

# START DESIGNING WITH GOTHAM CYLINDERS

- 1 EVO 4" Surface Mount with Conduit Cover (EVO4SC with JBXCC)
- 2 Incito 4" Direct-Indirect Wall Mount with Angled Snoot (ICO4UDWC)
- 3 Incito 4" Wall Mount (ICO4WC)
- 4 Incito 4" Surface Mount (ICO4SC)
- 5 EVO 2" Surface Mount (EVO2SC)
- 6 EVO 6" Tilt and Rotate Wall Mount (EVO6WTRC)
- 7 EVO 4" Surface Mount with Conduit Cover (EVO4SC with JBXCC)

## 19 ARCHITECTURAL COLORS

All colors available for pendants and surface mounts

## CONTROLS

Networked Lighting Controls Platform

### Simple

Embedded nLight wired or wireless lighting controls available within all cylinders.

### Reliable

nLight embedded fixtures will aid in code compliance and reduce energy costs.

### Scalable

**nLight platform can scale** to a building or campus-wide network system when you're ready.

## EMERGENCY BATTERY BACKUP OPTIONS

### Integral Battery

- The industry's first integral battery pack option are engineered to incorporate an emergency battery into the cylinder without the need for a power canopy.
- Test switch is discreetly located on the cylinder to create a consistent visual experience between emergency and non-emergency cylinders.

### Remote Sidecar

- For higher ceiling applications that require greater light output in emergency mode. The remote sidecar comes with the same finish and color as the cylinder to provide a unified look.

### Recessed Gear Housing

- For applications with access above the ceiling.
- Fixture mounted test switch now available.
