

## RetroBasics™ LED Trim Kit

Economical switchable, smart and adjustable downlight solutions for efficiently lighting residential spaces.

**Complete Family Offering:** Contains a switchable and smart downlight and adjustable LED trim kits that features RGBW.

**Trim Styles:** Family consists of three styles to cover an array of applications: a smooth trim, a baffle trim (switchable version only), and an adjustable version ultimately providing a solution for every room of a home.

**Pre-Installed Retention Springs:** Designed to fit into most 4" or 5/6" compatible recessed housings.

**All-in-One Design:** Electronics are integrated into trim replacing the existing lamp & trim.

**IC Rated:** For use with housings installed in direct contact with insulation.

**Quick Connect Plug:** 120V orange connector plug-in that allows for quick, easy electrical connection of housing to trim module.

**Switchable Downlight:** Tactile slider switch integrated into trim allowing for easy color adjustments between 5 color temperatures (2700K, 3000K, 3500K, 4000K, or 5000K).

**Smart Downlight:** Perfect way to connected with a smart home lighting solution. Once installed, easily control and customize lighting to on/off, fine-tune the color temperatures from a warm 2700K to daylight 5000K or choose from a full color spectrum of RGB color options.

**Adjustable Downlight:** Available in either the switchable or smart technology providing 35° vertical aiming to accommodate slope ceilings and/or highlight focal points within a room.

## Complete Family Offering to Mix and Match in Your Space

### Switchable Downlights
