LUMINIS

SN800/SN800C **SCENA** WALL/CEILING

TYPE:

PROJECT NAME:

ORDERING CODE:

- Corrosion resistant diecast aluminum housing.
- ② Integrated standard 0-10V driver.
- ③ Light guide LED technology for uniform lambertian light distribution.
- ④ Impact resistant patterned tempered glass.
- ⑤ Sealed enclosure with durable gaskets.
- 6 All hardware in stainless steel.

SN800C

SN800

MATERIALS

Scena is made of aluminum diecast offering exceptional precision and durability. The main housing is perfectly sealed with durable gaskets. The integrated LED light module and 0-10V driver are protected by a patterned tempered glass. With a distinctive look and perceptible quality, Scena is designed for uniform lighting performance.

ELECTRICAL DRIVER

Standard driver is 0-10V dimming-ready (min. dim 5% / dim-to-off)* with: 120-277 multivolt compatibility, operating temperature range of -40°C/-40°F to 85°C/185°F*, over current and output short circuit protection.

LED LIGHT ENGINE

Offered in 2700K, 3000K, 3500K & 4000K / 80CRI. 70% LED lumen maintenance at 60,000 hours (L70/B50) based on IESNA LM-80-08 LED extrapolated life, calculated per IESNA TM-21-21.

FINISH

Five-stage preparation process includes preheating of cast aluminum parts for air extraction. Polyester powder coating is applied through an electrostatic process, and oven cured for long term finish.

CERTIFICATION

UL certified to Canadian and U.S. safety standards. Certified for use in wet locations. Rated IP65 / IK10. Photometric testing performed by an independent laboratory in accordance with IES LM-79-08 standards at 25°C. Actual performance may differ as a result of end-user environment and application.

* L1L23 light output dims to min. 1% / dim-to-off and has an operating temperature of -20°C/-4°F to 50°C/122°F

WARRANTY

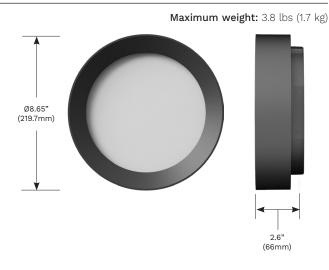

QUANTITY:

5-year limited warranty. This is the only warranty provided and no other statements in this specification sheet create any warranty of any kind. All other express and implied warranties are disclaimed. Complete warranty terms located at: https://www.luminis.com/ technical/warranty/

MOUNTING

The mounting plate is designed to fit on a 4" (102mm) octagonal electrical box using 3.5" (89mm) C/C mounting holes. Fixture must be installed on a wall or a finished ceiling for exterior applications and/or when exposed to inclement weather.

NOTES

*- Denotes a required field

1- Contact factory to coordinate custom matching color.

- 2- Specify RAL number.
- 3- Marine grade paint for harsh, coastal environment and exposure to salt water. Additional delay required.

4- Available only in WHT and BKT.

SN800/SN800C SCENA WALL/CEILING

OPTION DETAILS

SWK

Surface (wall or ceiling) mounting option for Ø4" weatherproof junction box (3/4" conduit trade size). Weatherproof junction box, conduit and connectors by others. The SWK option adds 1.65" to the total depth of the product. (Not ADA compliant).

PH

Button-size photocell mounted on top casted housing. Instant turn-on, standard 5-10 second turn-off time delay.

СВ

Decorative cross blades. (LCF 0.93)
