

PROJECT NAME:

QUANTITY:

TYPE:

ORDERING CODE:

- ① Surface mounting bracket.
- ② Spun aluminum housing.
- ③ Curved LED array.
- ④ **HC1610:** Semi opaque double layer polyethylene lens.
HC1615: Aluminum reflector. Includes an acrylic diffuser disk to eliminate glare from the LED boards.
Inner surface: Multi-faceted specular anodized
Exterior surface: Satin anodized natural aluminum.
Exterior of aluminum reflector can be painted to match housing finish (option RP).

All stainless steel hardware

HC1610

HC1615

MATERIALS

Hollowcore is made of an aluminum housing which houses integral drivers, and a diecast aluminum heat sink which supports the LED engine and shade as well as dissipates heat. Hollowcore is available with a choice of polyethylene lens or aluminium anodized reflector. Both options offer a distinct look and different distributions. The illumination is provided by an array of four curved LED boards.

ELECTRICAL DRIVER

120V/277V driver is 0-10V dimming-ready (min. dim to 10%) with 120-277 multi-volt compatibility (50-60Hz), operating temperature range of -20°C/-4°F to +50°C/122°F, output over voltage protection, output over current protection and output short circuit protection with auto-recovery. 347V driver is 0-10V dimming ready (min. dim to 10%)* with operating temperature range of -20°C/-4°F to +50°C/122°F, over current and output short circuit protection.

LED LIGHT ENGINE

Offered in 2700K, 3000K, 3500K & 4000K / 80CRI.
70% LED lumen maintenance at 60,000 hours (L70/B50) based on IESNA LM-80-08 LED extrapolated life, calculated per IESNA TM-21-21.

FINISH

Five-stage preparation process including preheating of cast aluminum parts for air extraction, and an environmentally friendly alloy sealant. Polyester powder coating is applied through an electrostatic process and oven cured for long term finish.

CERTIFICATION

UL Certified to Canadian and U.S. safety standards. Certified for use in dry and damp locations. Rated IP22. Photometric testing performed by an independent laboratory in accordance with IES LM-79-08 standards at 25°C. Actual performance may differ as a result of end-user environment and application.

WARRANTY

5-year limited warranty. This is the only warranty provided and no other statements in this specification sheet create any warranty of any kind. All other express and implied warranties are disclaimed. Complete warranty terms located at: <https://www.acuitybrands.com/support/warranty/terms-and-conditions>

MOUNTING

Surface mounting bracket to be affixed with 3 screws on the surface outside the junction box. See diagram for details.

MEASUREMENTS

Maximum weight: 16 lbs (7.25 kg)

* L4L30, L4L45, L4L60, L4L75 light output dims to min. 1%

NOTES

*- Denotes a required field

1- Not available with DMX, EMC10, DS or REM7.

2- For L4L75 and L4L90, 347V is available only with oversized canopy and cannot be combined with MS.

3- Not available with EMC10, REM7 or L4L90. Installed in Ø15" oversized canopy. Default dimming curve: Logarithmic. Factory set to address one unless otherwise specified. Refer to DMX Reference Guide available on website.

4- 360° PIR motion sensor. MS turns on/off only. If the fixture is mounted at 8ft above the floor, the coverage area that the motion sensor detects is a diameter of 16 ft. Not available with additional light, DMX, EMC10, or REM7, and some restrictions apply with 347V. Available only with HC1610.

5- 120V or 277V only.

6- Not available with DMX and for models above 80W.

7- Remote mount 50ft - 12" (305mm) square enclosure with access cover. Cable between fixture and remote box is provided by others. California Title 20 Compliant. For L4L60 to L4L90, two out of the four LED boards will light up.

8- Contact factory to coordinate custom matching color.

9- Specify RAL number.

TYPICAL PHOTOMETRY SUMMARY

HC1610-L4L90

Total Lms: 9731 Lumens
Total Input Watts: 108 W
Efficacy: 90 Lumens/Watt
CCT/CRI: 4000K/80
Maximum Candela: 1212 @ 0°

HC1615-L4L90

Total Lms: 8523 Lumens
Total Input Watts: 112 W
Efficacy: 76 Lumens/Watt
CCT/CRI: 4000K/80
Maximum Candela: 5287 @ 0°

LUMEN CONVERSION FACTOR (LCF)		
CCT	CRI	LCF
2700K	80	0.92
3000K	80	0.94
3500K	80	0.98
4000K	80	1.00

All Photometry shown use the 80CRI 4000K LEDs.
