

# Express Yourself Through Light with Fresco™ Touchscreen

The Fresco family of high performance lighting controls delivers seamless control for today's architectural and dynamic lighting environments.

- **On-Screen Lighting Design:** Create and edit the lighting layout directly from the touchscreen
- **nLight® Device Integration:** Extend the range of control with digital sensors, wallstations and luminaires
- **Fresco Control Network:** Connect additional Fresco touchscreens and button stations to extend control throughout the space
- **Universal Lighting Control:** Manage all dynamic lighting sources from a single touchscreen
- **DMX512-A/RDM Control:** Fine-tune color, color temperature and intensity of high performance, RGB and tunable white luminaires
- **Bluetooth® Control:** Pair handheld devices with the Fresco touchscreen controller for seamless control anywhere in the space
- **Scheduling:** Activate lighting scenes with the built-in astronomic time clock
- **Room Link:** Link Fresco controllers to share lighting zones and scenes when rooms are combined
- **Third-Party Integration:** Allow third-party control systems to communicate with the Fresco network
- **BACnet/IP** allows building management systems (BMS) to communicate to the Fresco network

### Meet the Family

The Fresco network of lighting management panels, third-party integration solutions and configuration software work together to manage multiple light sources in multiple lighting zones, all from one simply elegant touchscreen controller.

#### Fresco Touchscreen

Dynamic multi-zone room controller

#### Fresco LMP1

Single module lighting control panel

#### Fresco Lighting Management Panel

Multi-module lighting control panel

#### Fresco RB Button Station

Digital remote wall station controller

#### Fresco AVI

Third-party integration solution

#### Fresco Studio

Fresco system configuration software
