

# PLAY BALL

High Performance Lighting and Controls Solutions for Today's Dynamic Spaces

**GYMNATORIUMS ARE HARD-WORKING SPACES.** Fresco helps to create just the right high-energy mood for the pep rally and assembly this afternoon — and the big game tonight. How about tomorrow night's school play? Control the stage lighting to build the mood and make every act a show-stopper.

Fresco manages lighting for today's architectural spaces, putting the user confidently in control. Distinguished by its visual appeal and cognitive design, Fresco directly incorporates nLight® devices and controls traditional light sources, LED, RGB and tunable white. Built-in Bluetooth® wireless technology connects with handheld devices. Fresco Touchscreen integrates with building management systems (BMS) through BACnet/IP to trigger scenes and set levels for zones, channels and groups.

#### On-screen Lighting Design

Create and edit the lighting layout directly from the touchscreen controller.

#### nLight® Device Integration

Extend the range of control with digital sensors, wall stations and luminaires.

#### Fresco Control Network

Connect additional Fresco Touchscreens and button stations to extend control throughout the space.

#### Universal Lighting Control

Manage all dynamic lighting sources from a single touchscreen controller.

#### DMX512-A/RDM Control

Fine-tune color, color temperature and intensity of high-performance, RGB and tunable white luminaires.

#### Wireless Connection

Pair handheld devices with the Fresco Touchscreen for seamless control anywhere in the space.

#### Scheduling

Activate lighting scenes with the built-in astronomic time clock.

#### Room Link

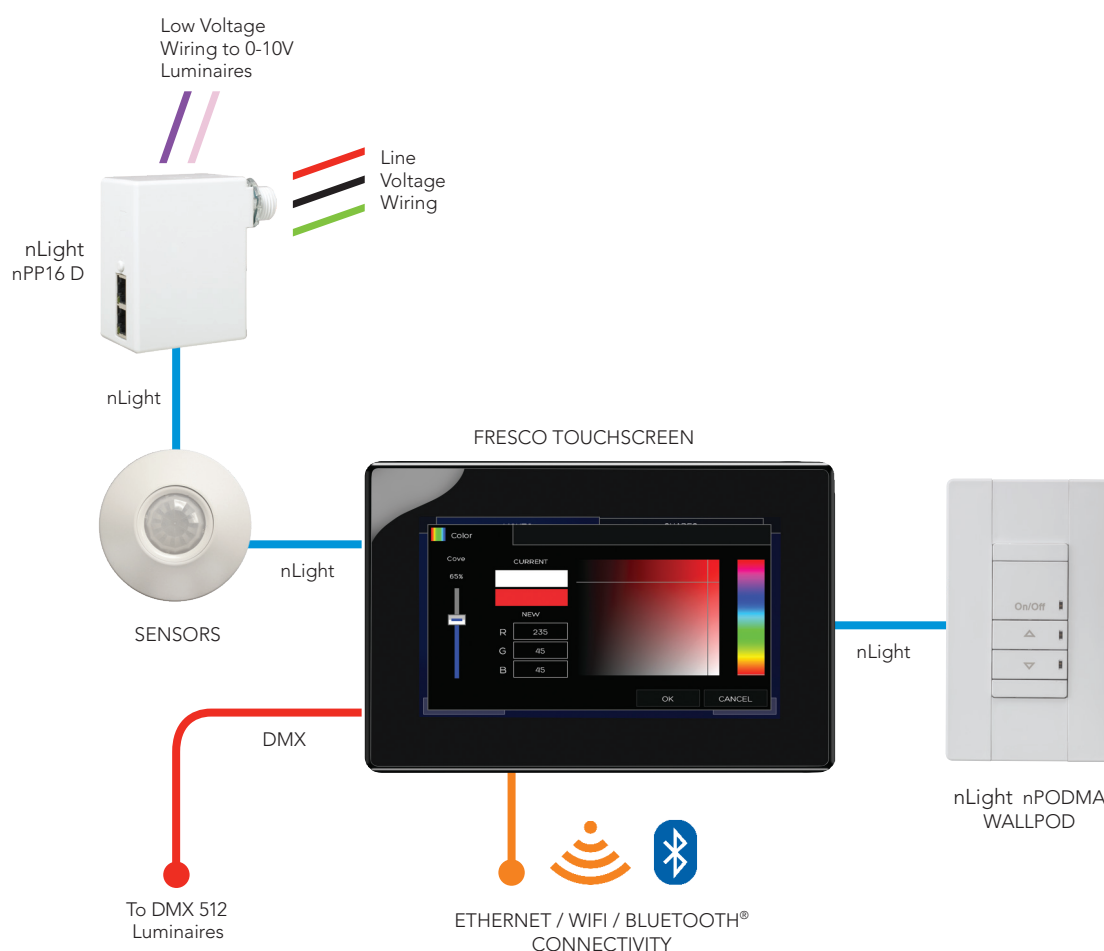

Link Fresco controllers to share lighting zones and scenes when rooms are combined.

#### Third-Party Integration

Allow third-party control systems to communicate with the Fresco network.

fresco™

## / GYMNATORIUM SEQUENCE OF OPERATION

- Distribute and control different lighting technologies using **nLight power packs**
- Automatically turn on specific, pre-programmed lights with **nLight occupancy sensors**
- Manually activate pre-programmed scenes or lighting zones from **nLight nPODMA**
- Control additional scenes, lighting intensity or other lighting channels from the **Fresco Touchscreen**
- Control color for stage lighting using the integrated DMX 512 palette from the **Fresco Touchscreen**

*Alternate functionality is available.*
