

Lighting as Agile as Fashion

High Performance Lighting and Controls Solutions for Today's Dynamic Spaces

MERCHANDISE LOOKS BETTER in just the right light and creates a little extra incentive to attract customers. With Fresco you can adjust color and intensity for displays that draw a shopper's eye — an invitation to come on in.

Fresco manages lighting for today's architectural spaces, putting the user confidently in control. Distinguished by its visual appeal and cognitive design, Fresco directly incorporates nLight® devices and controls traditional light sources, LED, RGB and tunable white. Built-in Bluetooth® wireless technology connects with handheld devices. Fresco Touchscreen integrates with building management systems (BMS) through BACnet/IP to trigger scenes and set levels for zones, channels and groups.

On-screen Lighting Design

Create and edit the lighting layout directly from the touchscreen controller.

nLight® Device Integration

Extend the range of control with digital sensors, wall stations and luminaires.

Fresco Control Network

Connect additional Fresco Touchscreens and button stations to extend control throughout the space.

Universal Lighting Control

Manage all dynamic lighting sources from a single touchscreen controller.

DMX512-A/RDM Control

Fine-tune color, color temperature and intensity of high-performance, RGB and tunable white luminaires.

Wireless Connection

Pair handheld devices with the Fresco Touchscreen for seamless control anywhere in the space.

Scheduling

Activate lighting scenes with the built-in astronomic time clock.

Room Link

Link Fresco controllers to share lighting zones and scenes when rooms are combined.

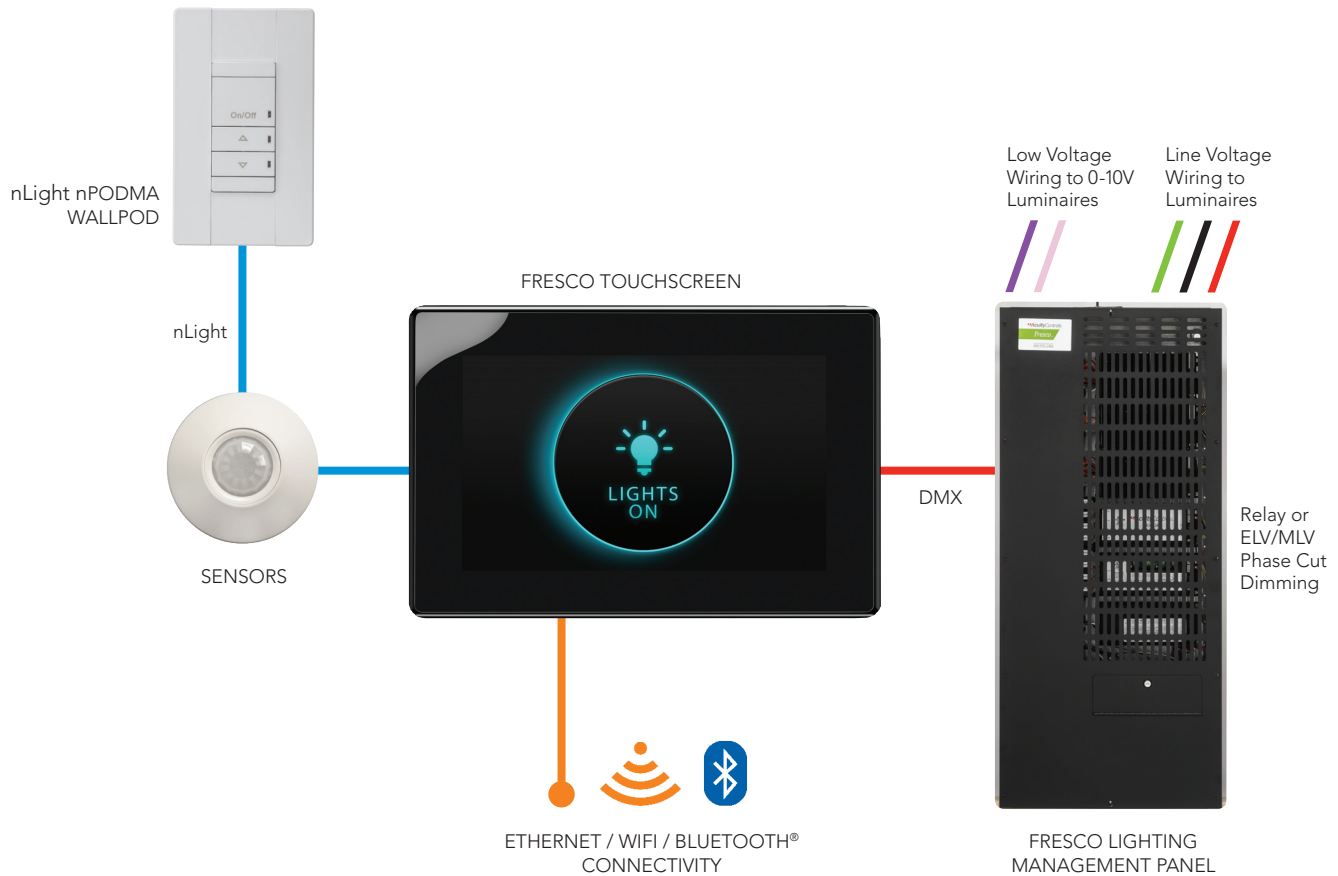

Third-Party Integration

Allow third-party control systems to communicate with the Fresco network.

Front Window Displays / Highlight Merchandise / Sales and Special Events /
Control indoor and outdoor lights and signage

/ RETAIL SEQUENCE OF OPERATION

- Schedule opening and closing times, as well as outdoor signage using **Fresco Touchscreen**
- Wire lighting fixtures and control different lighting technologies from one central location with **Fresco Lighting Management Panel**
- Adjust kiosk or specialty display lighting and activate pre-programmed scenes from the **Fresco RB Station**
- Control stock area lighting with **nLight sensors and button stations**
- Create and modify events using **on-screen scheduling**

Alternate functionality is available.
