

# SIGNATURE<sup>™</sup> SERIES SKYLIGHT

with Sunoptics<sup>®</sup> High–Performance Prismatic Optics

# WHY SIGNATURE IS THE BEST PERFORMING SKYLIGHT

#### Put Your Trust in the Originator Not An Imitator

Sunoptics<sup>®</sup> Signature Series skylights feature prismatic optics on all lens layers to bring in more usable, 100% diffused natural light, eliminating the glare and hot-spots associated with other skylight systems. Its proprietary dome design captures more light at low-light levels than any other passive skylight on the market today.

### **Third–Party Testing**

Raising the bar in quality and performance, Sunoptics products are tested and certified by third-party independent organizations to ensure compliance to safety, quality and performance standards.

- FGIA Certified
- FM Approved #4431
- High-Velocity Hurricane Zone (HVHZ) Approved, FBC 2020, FL14086-R4
- Miami-Dade County, Florida Approved, NOA #21-0318.03, Exp. 05/20/26
- NFRC Certified
- UL Listed
- CE Certified
- Class 3 and Class 4 Hail Ratings
- Military Grade tested to ASTM F1642 and GSA-TS01

#### 1 Proprietary Sunoptics Signature<sup>™</sup> Series Dome Design

Designed to capture more light at low-sun angles, providing more usable light throughout the day.

#### Pre-Installed Foam Curb Gasket

Creates a seal to eliminate air filtration and protects against moisture infiltration. Comes standard with double- and triple-glazed skylights.

#### 3 Integrated Curb Weather Sweep

Designed to prevent wind-borne debris and moisture infiltration. Comes standard with double- and triple-glazed skylights.

#### FGIA-Certified 800MD Frame Design

Fully-welded with encapsulating and insulated thermal break. No exposed metal to avoid condensation from thermal bridging through the frame.

# Proprietary Prismatic Lens Design & Performance

Provides maximum light transmittance while maintaining 100% diffusion – eliminating hot spots, glare and UV damage to the space.

#### Solutions For All Building Applications

Multiple options for sizes, lens material (including our ClearArmour<sup>®</sup> prismatic polycarbonate), glazing and performance ratings available.

Since 1978, Sunoptics<sup>®</sup> has been a trusted partner for providing superior natural light and leak-free products for roofers, architects and building owners. To ensure high-grade products, Sunoptics extrudes its own plastics using high-quality materials. This allows for total quality control of the manufacturing process and optical quality of the lenses.

As part of the Acuity Brands<sup>®</sup> portfolio, Sunoptics<sup>®</sup> offers the advantage of providing holistic daylighting product solutions consisting of skylights, LED luminaires and advanced lighting controls from one source.

At Sunoptics, we believe There's no greater efficiency than off!®

## Complete your project

Sunoptics<sup>®</sup> also provides external fall protection and internal safety and security guard products for our skylight systems.

For additional safety in industrial and commercial buildings, be sure to explore our UL Listed smoke vents.

Look for the blue label! This label represents a quality daylighting product manufactured in the USA, and more importantly, the superior industry warranty that stands behind it.
