

4" Precision Recessed LED Luminaires

The exceptional line of Aculux 4" LED luminaires deliver an industry leading 3,200 lumens and energy-saving efficacies of up to 102lm/W, perfectly suited for upscale residential, commercial and retail interiors.

Acu-Aim™ Precision Aiming

Provides pinpoint accurate aiming and is comprised of two aiming features:

- Exclusive 365° + gear rotation fully eliminates any dead spots in a lighting application
- Precision, gear-driven, vertical adjustment up to 45° is smooth and effortless with the turn of a screwdriver

Optimized Center Beam Optics

Maximizes light output when LED optic is aimed off nadir and eliminates glare at any aiming angle.

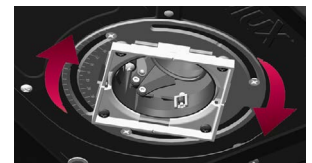

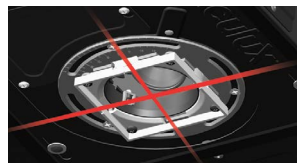

Spot On! Industry Leading Beam Control

Clean, striation-free beams, ranging from 12° to 60° FWHM can be achieved with the use of field interchangeable optics and engineered diffusers. Tight spot distribution, down to 12°. Up to 28,086 CBCP.

Patented Tru-Line™ Installation

Simplifies every aspect of installation and maintenance. With Tru-Line, misaligned housings can be made right with a simple turn of the screwdriver, ensuring perfect fixture-to-fixture alignment.

Tru-Line™ Makes Precision Installation Possible
