

Trac-Lites™ 10W LED R600-L Series

Innovative LED lighting in an economical design

The Juno® Trac-Lites R600L Series features stylish – yet economical – LED track fixtures, with simple and timeless aesthetics. Its high performance LED array provides outstanding reliability, performance and color quality/consistency. R600L Series fixtures are compatible with Juno Trac-Lites and Trac-Master™ Trac and system components.

Features:

2700K, 3000K, 3500K or 4000K white phosphor high performance LEDs

80+ CRI standard, optional high **90+** CRI or **97+** CRI versions

Integral driver to minimize overall fixture footprint

Proprietary, interchangeable lenses and TIR optics in factory-configured spot, narrow flood or flood beam spreads

350° horizontal coverage, **90°** vertical aiming capability

Designed for greater than 50,000 hour operating life

Dimmable - see specification sheet for compatible dimmers

ENERGY STAR® Certified and DesignLights Consortium® Qualified

Noted versions can be used to comply with **California Title 24, Part 6** high efficacy LED light source requirements

5-year warranty from the date of purchase

Juno® Trac-Lites™ 10W LED R600L Series

Juno Trac-Lites R600L LED Track Kits

These all-inclusive track kits are the perfect solution for residential installations, or commercial/retail applications that require just a few track fixtures mounted on a small section of track. Each kit includes three universal beam R600L LED track fixtures, one 4' Trac-Lites track section, one floating electrical feed and mounting hardware. Kits are available in all R600L CCTs, CRIs and finishes to suit any retail, commercial or residential application.
