

## TWS LED Wall Pack

### Classic Appearance. Modern Features.

TWS LED wall packs offer a traditional shape you've grown accustomed to, coupled with the technology you need. Featuring adjustable lumen output, color switching and a switchable photocell, TWS LED wall packs allow for customized solutions to meet the unique requirements of each job site with 18 configurations in one product!

Designed to blend in effortlessly, TWS LED wall packs eliminate unsightly marks and stains left by replacing older fixtures as their size and dimensions are the same as the typical legacy HID wall pack. Replace one or replace them all, TWS LED wall packs are cost-effective, energy efficient, and always in stock making them an ideal solution for many outdoor applications.

#### TWS Key Features

resistant polycarbonate lens

# TWS LED Wall Pack

## Choose Your Options On the Fly

The TWS LED wall packs include three adjustable lumen settings, three switchable color temperatures, and a switchable photocell to provide superior flexibility for project-specific customization that is easy to adjust on location.

## Choose Your Style

**TWR/TWS LED Wall Packs**

Choose a traditional style with TWR and TWS wall packs to match the legacy HID look with the added benefits of upgraded performance and features and provides exceptional energy savings.

**TWX LED Wall Packs**

Choose a contemporary style with the low-profile form of the TWX wall-packs that cover the footprints of a typical HID wall pack and deliver up to 13,850 lumens.
