PRODUCT PROFILE

Details Not To Scale

SPECIFICATIONS

Provides a cost-effective system to support the replacement of fiberglass panels on R-panel roofs with Sunoptics skylights. System also provides unique curb system to support a skylight install on a R-panel metal roof. The system is different from a standard curb in that it is assembled on the roof. It can be installed by a roofer versus a metal building installer.

Ideal for Replacement of R panel Fiberglass Skylights. System consists of an 18 gauge integrated curb system designed to fit 1 or more 2' x 8' skylights. System is assembled on the roof using curb system with skylights. Curb system consists of steel Starter panel, side rails, purlen mounting brackets, rail caps and eave panel.

Note: * Sold Separately.
