Wafer™ LED Downlights & Adjustables
Recessed Downlights and Gimbals featuring Switchable White Technology

Ultra-Thin Recessed Downlighting with Remote Driver Box for Quick, Simple and Housing-Free Installation

The Lithonia Lighting® Wafer™ LED Downlights and Gimbals with Switchable White provide high-quality light output and efficiency featuring a switch for easy color temperature adjustment – while eliminating the need for recessed housings. Downlights are available in round and square apertures, 3”, 4”, 6”, and 8” and Gimbals are available in round 3”, 4” and 6” apertures. Their innovative slim design allows for easy retrofit, remodel or new construction installation from below the ceiling as the perfect choice when you have joists or duct work in the way. They are wet location listed, making them ideal for use in a breadth of outdoor residential, hospitality, light commercial and multifamily applications.

Learn more about the Wafer LED recessed downlight at www.lithonia.com
**Key Features:**
- Quality, housing-free downlighting ideal for shallow ceilings
- Fast & Easy Installation - saves on time and labor
- Type IC Rated - direct contact with insulation
- Wet Location
- CRI 90+ for true color rendering
- Air Tight Certified
- Matte White, Matte Black, Brush Nickel, Oil-Rubbed-Bronze color finishes

**Downlights:**
Ideal for closets, hallways, bathrooms, kitchens, basements, soffits, entry ways, porches, stairwells, corridors, multi-family, and light commercial applications.

**3” Rounds**
- Delivers up to 590 lumens, 80CRI
- Static 120V color temperatures - 2700K, 3000K, 4000K
- Phase dimming down to 10%

**4”, 6”, and 8” Rounds and Squares**
- Delivers up to 1850 lumens, 90CRI based on color temperature chosen
- Switchable White 120V options for on-site CCTs flexibility
  - Phase dimming down to 10%
- Switchable White MVOLT (120V-277V) options for on-site CCT Flexibility (Round Downlights only)
  - 0 to 10V Dimming down to 10%

**Gimbals:**
Ideal for slope ceilings, wallwashing, and highlighting artwork applications

**3” Adjustable Gimbal**
- Requires only 2-1/2” plenum clearance
- 110º directional beam, 20º tilt, and 180º rotation
- Delivers up to 550 lumens, 90CRI
- Static 120V color temperature - 2700K, 3000K, 4000K
- Phase dimming down to 10%

**4”, and 6” Adjustable Gimbals**
- Requires only 2-1/2” plenum clearance
- 110º directional beam, 20º tilt, and 180º rotation
- Delivers up to 1000L, 90CRI based on color temperature chosen
- Switchable White 120V options for on-site CCTs flexibility
- Phase dimming down to 10%
**Wafer™ LED with Switchable White**

The innovative Switchable White feature incorporates a switch on each fixture for simple color temperature adjustment. Too warm or too cool? Simply toggle the integrated switch to your desired setting and you are done! Whatever your application, luminaires with Switchable White are sure to give you the feel and flexibility that you need.

**The Switchable White Advantage**

- Convenience and value of two remote driver options, each with a choice of three integrated color temperature settings
- Flexibility to switch color temperature during installation to suit a specific application

**Choose Your Color Temperature**
